PROFESSIONAL SUMMARY

I'm a motivated Mathematics graduate with growing expertise in Data Analytics and AI Engineering. Skilled in Python, SQL, Power BI, and machine learning, I apply analytical thinking to solve real-world problems and support data-driven decisions. Certified in Jobberman Soft Skills and Cisco Cybersecurity, I'm passionate about continuous learning, collaboration, and creating impactful, technology-driven solutions.

WORK EXPERIENCE

Generative AI Fellowship, Ogun,Nigeria   *August 2025 - Present*
AI Engineering Intern

- Creating and managing data pipelines for predictive analysis using SQL , integrating it with Python through SQLAlchemy to extract, process, and analyze datasets.
- Applying machine learning techniques to identify patterns and generate insights that supported data-driven decision-making within the project.
- Developed and presented a sales reporting system, guiding team members on the effective use of Power BI for interactive data visualization and performance tracking.
- Collaborated with a team on an Agro USSD project aimed at connecting farmers with end users, improving accessibility and efficiency within the agricultural value chain.

Practicode Academy, Oyo,Nigeria   *May - June 2025*
Data Analytics Intern

- Completed a Data Analytics internship focused on developing practical skills in data collection, cleaning, and visualization.
- Utilized Microsoft Excel, Power BI, and SQL to organize, analyze, and present insights from real-world datasets.
- Collaborated with team members on data projects, applying analytical and problem-solving skills to support decision-making and reporting.

RRSK Consult Limited, Lagos , Nigeria   *May - July 2024*

Accounting & Auditing

- Organized and reviewed financial datasets, including receipts, invoices, and bank statements, to support data validation, audit readiness and data analytics.
- Entered and maintained structured financial data in accounting software and spreadsheets, ensuring data accuracy, consistency, and completeness.
- Supported data-driven audit processes by preparing documentation, compiling key metrics, and recording insights during meetings and client reviews.

National Populations Commission, Oyo, Nigeria   *June - August 2023*

CIVIL REGISTRATION & VITAL STATISTICS

- Assisted in registering new births and issuing official certificates, contributing to accurate and up-to-date population data records.
- Supported demographic data collection, cleaning, and preliminary analysis to inform planning and population monitoring activities.
- Helped update and maintain population databases, preparing data summaries and reports for internal decision-making.

ADDITIONAL EXPERIENCE

National Association Of Ogun State Students, University Of Ibadan   *July 2024 - February 2025*

General Secretary.

- Drafted sponsorship and invitation letters, contributing to successful partnership acquisition and stakeholder engagement tracking.
- Maintained and organized membership records and documentation, ensuring data accuracy for student welfare and program reporting.
- Supported the planning and evaluation of student programs such as orientation, scholarships, and community outreach by managing logistics and compiling participation data.

NAMSSN Students Representative COUNCIL , University Of Ibadan   *April 2022 - October 2022*

Honorable Member

- Drafted sponsorship and invitation letters, contributing to successful partnership acquisition and stakeholder engagement tracking.
- Maintained and organized membership records and documentation, ensuring data accuracy for student welfare and program reporting.
- Supported the planning and evaluation of student programs such as orientation, scholarships, and community outreach by managing logistics and compiling participation data.

SKILLS & CERTIFICATIONS

- **Soft Skills: Critical , Analytic and Systematic Thinking, Problem Scoping, Leadership, Team Collaboration, Content Creation.**
- **Technical Skills: Data Analytics, Data Science, Machine Learning, Python, SQL, Power BI, Microsoft Excel, Access, PowerPoint, Cybersecurity Fundamentals**
- **Certifications: Jobberman Soft Skills Certificate, Cisco Introduction to Cybersecurity**

EDUCATION   *2020-2025*

Bachelor of Science, Business

University of Ibadan, Ibadan, Nigeria

Related Coursework: Real Analysis, Linear Algebra, Calculus (Multivariable), Differential Equations, Numerical Methods, Mathematical Modeling.
